

Please do not expand LPFM to take priority over current FM translator service. This may impact K-LOVE, a radio station which broadcasts over the translators. K-LOVE is an integral part of our community, with free public service announcements. They provide news, and encourage people who are facing challenges in their lives.

The effect would be tragic on our local community Denver/Boulder community. K-LOVE provides a safe place for families to listen together, and this would be no longer available.

In addition, I believe the service provided by K-LOVE is in the public interest is that they promote love, forgiveness and God. Today, many places we aren't "allowed" to talk about our Christian faith, but it is ok on K-LOVE. They also provide excellent community service - I recently found about an adoption group that may assist my husband and I in adoption.....

There are really too many reasons to list.....K-LOVE is a benefit to our community.

Thanks, Barbara
